

BauscherHepp

NRA 2023

If you've visited one of our showrooms in Raleigh, New York City, or Chicago, you've had the opportunity to touch our porcelain, test the weight and balance of our flatware, and maybe even participate in a wine tasting from our beautiful Luigi Bormioli glasses. These are the experiences we attempted to create in the BauscherHepp booth at the 2023 National Restaurant Association event in May.

Thank you to our sales managers, marketing team, factory representatives, and customers who made NRA23 such a success. We are already looking forward to NRA24!

Visitors were welcomed into the booth with a chance to rest their feet at our Mobile Bar setup from VENTA. From there, they could visit other modular VENTA setups, including functional fixtures like their Coffee Station and Nesting Tables, which made the perfect setting for us to showcase our buffet options from Hepp, WMF, and Dalebrook.

Dispersed around the booth were 6 custom built tables, each highlighting a different brand or concept, from rustic to fine dining. Our 5 display unit shelves framed the back of the booth, presenting dinnerware options from Bauscher, Playground, and Dalebrook. One of our favorite shelves featured custom decors in varying shades of Pantone's Color of the Year: Viva Magenta.

These units were flanked by our lit glass cases, laden with an array of Italian glassware from Luigi Bormioli. This variety of displays gave any booth visitor a complete picture of what BauscherHepp has to offer. If you were not able to visit us at NRA, we hope this summary will provide you with all the information you need to feel as if you were there!
