*Noble China*

The *Purity* family has a new premium member: *Purity Reflections*. The flatware range made from delicate Noble China features a highly striking relief reminiscent of cut diamonds. The decor *Arc Deco bleu* from *Purity Reflections* is sure to be a conversation starter.

# White diamonds

In these increasingly virtual times, *Purity Reflections* brings the sense of touch back to the table. The relief does not affect handling, stacking or hygiene.

*Purity Reflections* is ideal for those who prefer to use classic white plates rather than colourful, decorated items. The structured rim relief will catch the eye without taking all of the spotlight.

# Understated eye-catcher

The plate and saucer go perfectly with the simple cups from *Purity Classic*. The *Purity Reflections* flatware range was specifically designed for flexible combinations.

# Happy couples

The raised relief on the *Purity Reflections* rims creates a vibrant interplay of light and shadow. Playground items made from wood and glass underline the elegant flair.
